Quick quote promise

The ACV UK quick quote promise service applies to most orders sent to a member of the ACV UK sales team. We will aim to provide you with a response or quote within 24 hours.

The quick quote promise service is subject to availability and demand. It is only applicable during the working week Monday-Friday.

When the member of the team you are contacting is not available due to annual leave, sickness or for any other reasonable reason ACV UK will aim to provide your quote by an alternative person, and this may take longer.

Specific details will be confirmed by the person you are contacting at the time of your enquiry.
